About VIA:

VIA is a leading provider of interactive display solutions for multiple end markets in which superior functionality or durability is a critical differentiating factor. Its customizable technology is well-suited for high-end markets with unique specifications and demanding environments that pose technical and optical challenges for displays, such as bright ambient light, vibration and shock, extreme temperatures, and condensation. VIA's interactive display systems combine system design, interactive displays, software functionality, cameras, and other hardware components. VIA's intellectual property portfolio, process know-how, optical bonding, metal mesh touch sensor and camera module technologies provide enhanced display solutions built to meet the specific needs of its customers.

Further information on the Company can be found in its Annual Report on Form 20-F for the year ended December 31, 2020 (the "Annual Report"), which the Company has filed with the U.S. Securities and Exchange Commission. You can access a PDF version of the Annual Report at VIA's Investor Relations website, <https://investors.via-optronics.com/investors/financial-and-filings/annual-reports/default.aspx>.
